

Champion Calf at Carstairs Sale Brings 72½c Per Pound

In spite of the bad roads and near blizzard conditions, 100 calves were brought to the Carstairs Show and Sale at Carstairs on Wednesday, June 6. Clubs participating were Bergen, Olds, Jutland, West Didsbury, Carstairs and Crossfield.

The Crossfield club was the hardest hit by the weather, some of the members having to buck snow a foot above the bumpers. Bergen members had to go north to Saddle, in to Olds and then south to Carstairs, making a journey of almost 60 miles.

Tractors were kept busy pulling the cars and trucks through the quagmire on the arena grounds. Hugh McPhail, District Agriculturalist, Olds, supervised with Hector McDonald, Crossfield and R.H. Cowper, Inspector of animal husbandry at the Olds School of Agriculture judging the calves. Club Leaders

placed the showmanship awards. Grand champion was a Hereford steer shown by John Fulton of the Carstairs Club, bred by Francis Farms. Reserve champion was also from the Carstairs Club, a Shorthorn shown by Louis Turner.

Top places in other clubs were: Jutland, Donald Hauser, Jim Dundas; West Didsbury, Marlene Vipond, Hazel Rae; Bergen, Dick Spooner, Leslie Blair; Olds, Gordon Johnson, Boyd Peterson; Crossfield, Mervin Goullinton, Ruth Hehr.

John Fulton won the Bank of Montreal Trophy for the best calf in the show, sold to Jack Ridd of Bowden. The calf weighed 800 pounds and brought 72½ cents a pound or \$585.

The reserve champion of Louis Turner, weighing 850 pounds, was sold to Alberta Livestock Co-operative for 42½ cents per pound. Third prize animal, a Hereford steer owned by Marlene Vipond of West Didsbury, was sold to Adams, Wood and Wellier for 50 cents a pound.

Auctioneer was Archie Boyce of Olds.

Home Ec. Girls Model Work At Fashion Show

The annual fashion show, display of shop work and home economics, and a tea, was held at the Didsbury school on Thursday afternoon, June 7th. The program opened with a short talk by Mrs. Kimmel, the home economics instructor, who was introduced by Shirley Rennie, the commentator.

The Grade Sevens opened the show by modelling their aprons. Dimple skirts were modelled by Ronda Peterson, Jo Anne Adams, Agnes Goosen, Mary Goosen and Beverly Janzen. Dividend Payment Amounts to \$402,000

Cheques to the value of \$402,000, covering the Alberta Wheat Pool's patronage dividends on grain delivered during the 1949-50 crop season, were mailed out recently to Pool agents and are now being distributed. In addition, \$80,000 in reserves are being paid to Pool patrons, bringing the total distribution of earnings in the 1949-50 year to \$1,005,000.

Since its inception the Alberta Wheat Pool has paid cash patronage dividends of \$1,700,000, and the total value of all dividends paid exceeds \$9,600,000.

Alberta Pool reserves are valuable property since with them rests the ownership and control of the organization. During the early years of the Pool, members contributed nearly 88½ million to provide working capital and build Pool elevators. In recent years \$5,000,000 of these original reserves have been purchased from estates, older members, and members no longer engaged in farming. Reserves so purchased are available for distribution as patronage dividends.

In this manner ownership of the organization is revolving so that it will always rest with the operating farmer—Wheat Pool Bulletin.

Complete Survey Here For Possible Gas Consumption

WESTERDALE NEWS

Mr. and Mrs. H. Pye and family of Penhold visited on Sunday at the home of Mr. and Mrs. W. Wigley. Mr. and Mrs. S. Jackson and family, Mr. and Mrs. A. Jackson and Mr. and Mrs. R. Jackson and Marion were Sunday supper guests at the home of Mr. and Mrs. G. Nelson of Olds. Miss Nancy Durajek and Miss Juliana Dallaire, both of Sylvan Lake, and Miss Phyllis Jackson, returned to Composite school at Red Deer Sunday evening after spending the weekend at the latter's home.

Fischer's orchestra will play for the dance at Westerdale hall on June 22nd.

The local ball team was defeated on Sunday by a 7-2 score when they played the Red Bank team on the home diamond.

Next Sunday's ball game will be played at Harmanston.

At the meeting of the Council of the Town of Didsbury on Monday, June 4, a letter from the Canadian Western Natural Gas Co. Ltd., addressed to Mayor H. Lynch-Staunton, was read and disclosed that a survey would be made of the Towns between Red Deer and Calgary with a view towards providing natural gas for heating purposes.

Another letter, dated June 4th, has since been received by Mayor H. Lynch-Staunton from the Canadian Western Natural Gas Co. Ltd., advising that the Company would have an engineer, Mr. John Maybin, and Mr. R. Clifford, one of its experts on gas utilization, visit the towns between Calgary and Red Deer immediately. This work is being done with a view to accurately estimate the quantity of natural gas that would be utilized by each town and estimating the cost of installing the necessary distribution plant, so that the Company would be in a position to make each town a firm proposition as soon as adequate supplies are proven.

Following receipt of the above letter the council of the town of Didsbury mentioned above arrived in Didsbury last Friday and completed the necessary survey on Saturday.

Mr. M. Weber was present at the meeting and discussed the possibility of a home for the aged in Didsbury. Council passed a resolution favoring such an institution.

The early closing by-law was given its final reading and passed. This by-law provides for the closing of local stores at 9:00 o'clock each Saturday night between the first day of April and the 31st day of December in each year. Between January 1st and April 1st closing dates of business places on Saturdays will be 6:00 p.m.

The date of the Court of Review was set for July 3, 1951, in the Town office, when appeals can be made against the 1951 assessment.

The dust menace on streets was discussed and an endeavor will be made to have Mr. Pete Goosen put a spray on his water tank and spray streets when needed.

SIGNS REMIND DRIVERS
TO CONSERVE FORESTS

Motorists driving along Alberta
highways this week are being re-
minded of the importance of forest
conservation by 200 cleverly design-
ed signs erected by the Department
of Lands and Forests.

The billboards are replicas of
spruce trees and stand approx-
imately eight feet high on a four
foot wide base. Mounted on logs,
the signs are made of a wallboard
material and bear printed remind-
ers to "Keep Alberta Green," and
"Be careful With Fire." The slogans
are painted with a type of paint
which reflects the beams of auto-
mobile headlights.

Eradication of Couch
Grass Now Possible

Trichloroacetate or T.C.A., herald-
ed as a new selective grass killer,
has attracted much attention in the
past two years. Experiments to en-
hance the effectiveness of this
compound as a possible means of
controlling couch grass were be-
gun at the Dominion Experimental
Station, Scott, in 1949.

At the present time these tests
though not conclusive, have given
some interesting results. When
T.C.A. was applied to the undisturb-
ed sod of couch grass, at least 80
pounds of the active ingredient per
acre were required to obtain effec-
tive control. In 1950, with T.C.A. cost-
ing approximately 45 cents per
pound, it was practically for small
patch treatments, rather than for
the control of field scale infesta-
tions. It was found that tillage com-
bined with T.C.A. applications tend
to increase the effectiveness of the
chemical. Ploughing immediately
after applying the T.C.A. gave very
promising results from rates as low
as 40 pounds of active ingredient
per acre. Moisture conditions im-
mediately after applying the T.C.A.
appeared to have a marked effect on the
kills of couch grass. With the moisture
conditions in 1950 equally good
kills were obtained from the use of
80 pounds per acre, as were obtain-
ed from the application of 100
pounds per acre under dry condi-
tions in 1949.

At present, T.C.A. holds consid-
erable promise as a chemical spray
for the control of couch grass. But
due chiefly to its present high cost,
even when used in combination
with tillage, it seems unprofitable
for large-scale control of this weed.

NOTES

This Weed Killer Is Cattle Menace:

A weed killer, Sodium Chlorate,
carelessly left so that cattle found
their way to it, has killed \$8,000
worth of cattle recently according
to Dr. Ballantyne, Director of Veteri-
nary Services of the Department of
Agriculture, in the Linberg area.
Six head of cattle died suddenly
after eating Sodium Chlorate from
an open drum. Autopsies revealed
heavy concentrations of Sodium
Chlorate in the animals' organs. The
other case of poisoning involved
cattle in the Wainwright district.
These cattle had also eaten sodium
chlorate. Two of the cattle died al-
most immediately, and four others
a week later. Several other cattle
were seriously ill from the poison.
They should not be left where ani-
mals and children can reach them.
If livestock is poisoned, only laxa-
tives such as raw linseed oil and
mineral oil provide emergency
treatment but a veterinarian should
be called immediately. We have no
report to date of animals becoming
poisoned after consuming weeds
that have been treated with sodium
chlorate, however precaution should
be exercised in this connection at
all times, whenever the use of this
weed killer is involved.

Tiller Field Day At Olds:

Of special interest is the tiller
field day sponsored by the Olds Ag-
riculture Society and the Alberta
Department of Agriculture on June
19th at the farm of Gordon Ekis-
one and one half miles south of
Olds. Plan to be there; you will en-
joy it.

HIGHER PENSIONS

Although a new general old age
pension scheme of the government
is still to come before parliament,
already there is talk that the pro-
posed payments be raised. The pre-
sent limited scheme of \$10 per
month to those who can prove that
they are without means, is also be-
ing criticised as inadequate.

Only one out of every ten thou-
sand beef steers sent to American
markets is graded as "prime."

Kill
Weeds
With

HERBATE 2,4-D

Prairie farmers report increased yields of 4 to 6 bushels per
acre by killing out weeds with HERBATE 2,4-D. Yet as
little as the worth of HERBATE 2,4-D is enough to treat an
acre . . . an average cost of only 7¢ to 10¢ per extra bushel.

HERBATE 2,4-D

makes weed control easy and economical

Because of HERBATE's high 2,4-D Acid content, as little as
2½ to 5 of a pint per acre assures effective, low-cost weed control.
HERBATE 2,4-D kills sensitive weeds outright, keeps even
tough ones under control. HERBATE 2,4-D helps to conserve
moisture, increases yields, reduces dockage.

HERBATE 2,4-D

Walther League To Have Art Display

The regular Walther League meeting of the Redeemer Lutheran Church was held on Tuesday, June 5. Even though the weather was very unfavorable a very good attendance was enjoyed. Pastor Fox continued the study of the Gospel of St. Mark, chapter 7. It was shown that true religion is heart religion; and true worship is heart worship. We must not permit Christianity to degenerate into dead formalism or ceremonialism.

During the business session, plans were made for the forthcoming Art Exhibition to be held in co-operation with the Federation of Canadian Artists. A display of some 30 paintings will be on display in the basement of the church on Saturday June 23. This display will be for the general public. There will be no admission charge but donations will be accepted to help defray expenses. The League will also serve tea or coffee in connection with the display. Hours for viewing these works of art will be 2 to 5 and 7 to 9 p.m.

A committee was also appointed to make arrangements for an outing for July 10; a winner roast if the weather permits, otherwise possibly a sleigh riding party.

Following the business, a film-strip entitled "Why Do We Live?" was shown and discussed. The Pastor also showed some colored pictures that he had recently taken, amongst them some of the dust storm the district experienced on April 13. A delicious lunch brought the meeting to a close.

ARGENTINA RESUMES MEAT SHIPMENTS TO GREAT BRITAIN

Argentine frozen beef is again being loaded for the United Kingdom for the first time since last July, under the terms of the Anglo-Argentine Protocol, signed April 21. As the packing plants are filled to capacity with meat for export, shipments will move rapidly during the coming months. The packers have also requested ranchers to send in heavier consignments of cattle in order to step up the slaughter. There will be no chilled meat moving for a while, as neither the packers nor the ships are as yet conditioned for this trade.

Natural Site For Olds Stampede On July 2nd

The Olds Amateur Stampede Association will hold its stampede on July 2nd, on the grounds two miles west and two miles north of Olds, where corals were built last year by Bill Coates with the aid of several rodeo enthusiasts.

It will be a one day affair with a program packed full of action. Horses will be supplied from the bucking stock that follow rodeo circuits.

The arena is one of the best that nature could come near completing. The spectators can sit in the shade or on a grassy slope and look down into the corals and arena and need not miss anything.

There will be a dance at night with music being supplied by the Melody Five in a newly built barn. At a meeting on June 2, five directors were elected: President, Bill Coates; Vice President, Jack Balderson; Secretary, Bill Thome; Mike Knight; and Bill Boyd; Treasurer, Mrs. B. Coates.

CHRISTIAN SCIENCE

Where is man's real security to be found? The Lesson-Sermon in Christian Science churches Sunday entitled "God the Preserver of Man" will deal with this question. These are typical passages which will be read: "The Lord Shall Preserve Thee From All Evil: He Shall Preserve Thy Soul." (Psalms 121: 7) "Understanding the control which Love held over all, Daniel felt safe in the Lions' den, and Paul proved the viper to be harmless." (Science and Health with Key to the Scriptures, by Mary Baker Eddy, p. 513)

MAINE POTATO GROWERS MAY SHIFT TO LIVESTOCK

A partial shift to livestock by Maine potato growers was indicated by a recent survey in Aroostook County. A suggestion of what may happen when potato price support is lifted was given by the results, which shows that 60 per cent of the farmers in that area intend to increase their dairy and beef herds. Natural supplies of grass and roughages would aid the livestock industry in the county.

Red Cross Leadership Camp At Jasper In July

Nearly 100 high school students from Western Canada and the United States are expected to enroll at the high school leadership training centre for the Junior Red Cross which will be held at Lake Edson, near Jasper, July 3 to 12. This is the second annual course instigated by the Junior Red Cross of Alberta Division.

The registration will include 60 students from Alberta, 20 from British Columbia, 10 from Saskatchewan and four from both Manitoba and Northwestern United States. The group will meet in Calgary July 2 and leave for Jasper by bus the morning of July 3.

Director of the camp will be J.C. Johnson of Edmonton, liaison superintendent for the Cloverbar school division, who will be sent by the department of education, which backs the camp every year.

Members of his staff will include: C.M. Ward, physical education instructor at Red Deer Composite high school, who will take charge of recreation; Laurie Robertson of Calgary, field organizer for Alberta Swimming and Water Safety program; a Red Cross project; Dr. Muel Upchurch of Toronto, national director of the Junior Red Cross, who will give lectures and lead

Junior Red Cross provincial directors who will attend the camp are Kathleen Herman of Calgary; Margaret Palmer of Vancouver; Hazel Lawrence of Regina; and Ruby Spencey of Winnipeg. In addition, the field organizers from British Columbia, the U.S.A. and Alberta will attend. Field organizers for Alberta are Mrs. Elizabeth Macdonald of Edmonton and Miss Diane Dignam of Calgary.

CANNED FISH FOR INFANTS PRODUCED IN MASSACHUSETTS

Canned codfish, so finely strained that it can be incorporated into an infant's food, is being produced by a local fisheries concern. A result of considerable research, the novel food is one of the many new products developed by the Massachusetts fishing industry.

1,125,000 FISH EGGS PUT IN ALBERTA LAKES

About 1,125,000 fish eggs have put into Alberta lakes so far this year, the Fisheries Branch announced. They include about 953,000

northern pike eggs and 180,000 rainbow trout.

Plantings included \$5,000 trout eggs in Jensen Reservoir near Medicine Hat, 260,000 northern pike in the Berry Creek Impoundment near Hanna, and 275,000 northern pike in lakes near Lethbridge.

Makes all your Farm Machinery H-U-M-M

Marvelube Gear Oil reduces friction to a minimum. Enables your tractor to deliver maximum power at the drawbar — that's where it counts! It is a high grade, full bodied lubricant that stands up and gives maximum protection to gear tooth surfaces — be it your precision built tractor, truck or combine. Marvelube Gear Oil is proven two ways — in the laboratory and in grueling field work.

Marvelube Grease is a high quality, water resistant grease that positively clings to whirling bearings. It gives full protection to moving parts and holds its consistency over prolonged periods of use. There is a grade for every need and season. No. 0 for cool weather, No. 1, full bodied, for heavy duty lubrication and No. 2 for hot weather use when going is toughest.

There is extra protection in every Marvelube Grease and Gear Oil. Use the one that's best suited for your job.

-: DISTRICT NEWS -:

BURNSIDE NOTES

The Gulf Oil Company has been doing selsoph work in the district and put down another test hole on the Mardon farm, going into the cropped field to make the test. Several other selsoph outfits are also in the district and we understand that other test holes have been drilled in cropped fields, indicating that the search for new oil well sites is intensifying.

Mr. and Mrs. Sam Elliott left on Sunday and will motor to Ontario to visit relatives.

Mrs. Jake Penner and children visited with Mrs. Mardon on Friday. Mr. and Mrs. Tom Noble and family of Calgary were weekend visitors with Mr. and Mrs. Dennis Jenkins.

Jake Penner made a business trip to Innisfail last week.

Seeding of grain crops in this district is almost completed, followed by a three-day rain, and crop prospects in the Burnside district have never been better.

MOUNTAIN VIEW

The regular meeting of the Women's Institute will be held at the home of Mrs. Basil Atkinson next Thursday, June 21. Everyone welcome.

Sunday dinner guests with Mr. and Mrs. Harold Shultz and family were Mr. and Mrs. C. Christensen of Acme, and Mrs. Wm. Shultz and Lyle.

Mr. and Mrs. Joe Hunter and boys and Mr. and Mrs. Lawrence Hunter were Sunday dinner guests with Mr. and Mrs. Harold Swanson and family.

Mr. James Millar visited with Mr. and Mrs. Alfred Morasch on Monday.

Mr. and Mrs. Wm. Spooner of Acme visited Sunday with Mr. and Mrs. Garnet Tighe.

Mr. Harold Jorosi visited Wednesday with Mr. and Mrs. Alfred Morasch.

Mr. and Mrs. Basil Atkinson and Mrs. Worrall were Calgary visitors on Friday.

Sunday visitors at the Wm. Bruce home were Mr. and Mrs. J.C. Bruce, Virginia and Billy, of Olds.

The Locker plant at Neapolis is nearing completion. 150 cold storage lockers are being installed and power will be supplied by Calgary Power Ltd. through the Mountain View Rural Electrification Association Ltd.

Mr. and Mrs. Leonard T. Hamm and family, and Mr. and Mrs. Alvan E. Schellenberg of Edmonton, were weekend visitors at the home of the latter's parents, Mr. and Mrs. George Neufeld.

Walter Neufeld is working for the Pooie Engineering, driving patrol between Irficana and Langdon Corner, where the road is being hard surfaced.

M.V.B.C. NEWS

The week has been a very interesting one. Mr. and Mrs. Hoskins, Miss Eby, and Mrs. Suder were guests at the Myrtle Beutger wedding held at the Linden church on Thursday. Rev. Hoskins officiated, and Mrs. Hoskins played the wedding music.

Mr. and Mrs. Hoskins, Mr. and Mrs. Abe Sawatzky, Jean Frey and Delina Neubauber held a week end meeting at Hoadley. They reported a very excellent time. On Saturday they enjoyed a bit of fishing with very good success.

Everyone at the college enjoyed the trip to Calgary on Wednesday evening. All of the staff and high school students found methods of transportation to the evening meeting held by Youth for Christ in the Corral. This was the great Stewart Hamblin meeting. The young people will long remember the speaker and his message.

Mr. G. Lyle Richardson and Rev. Donald Taylor will be leaving Montreal on June 13th for their Youth for Christ tour in Europe. It was only because of cancellation on this ship that they were able to secure passage. They will be gone for ten weeks, we understand.

Mrs. D. B. Wood and Mrs. R. Ecker were Sunday dinner guests of Mr. and Mrs. Hunsperger.

Mr. and Mrs. Vern Shantz of High River and Mr. Donald Van Winkle of Clive, Alta., were Sunday visitors with Mr. and Mrs. Ed Weber. They spent Sunday and Monday with Mr. and Mrs. R. L. Shantz and returned to High River Monday evening.

Mr. W. A. Sherrick, the Misses Marion and Edith Sherrick, Miss Grace Hunsperger and Mrs. Yates motored to Calgary Wednesday to attend the youth for Christ program in the "Corral."

Mr. and Mrs. E. Good, Mr. and Mrs. Cecil Weber and Mr. Donald Weber attended a picnic at Bowness park on Monday.

Mr. and Mrs. August Lange and family and Mr. and Mrs. Rudolph Lange and family of Claresholm, were Friday dinner guests of Mr. and Mrs. H. W. Folkman and family.

Mr. and Mrs. H. W. Folkman and family were Sunday dinner guests of Mr. and Mrs. Ruben Rodney.

Mrs. Fred Betus, Bernice, Gerald and family motored to Calgary on Sunday. Mr. Fred Betus accompanied them home after having an operation on his nose last Friday.

George Meyer had a pleasant surprise Saturday when his brother-in-law and sister, Mr. and Mrs. Fred Holiatz, and Mr. and Mrs. Hintz, all of Moncton, Ont., came for a short visit. Mrs. Meyer accompanied them on Monday to Stettler and Edmonton, where they went to visit relatives.

Sunday dinner guests of Mr. and Mrs. Carl Meyer were Mr. and Mrs. Holiatz, Mr. and Mrs. Hintz, Mrs. George Meyer and George, and Mr. and Mrs. E. A. Bartz.

Mr. and Mrs. J. B. Hipkin and Patsy were Sunday evening visitors with Mr. and Mrs. J. Edwards.

WESTCOTT NOTES

Mrs. Harry Levagood has been spending the last few days in Didsbury with her daughter, Mrs. Len Berscht, who is ill.

Congratulations to Mr. and Mrs. Ted Dageforde on the birth of a son.

The little daughter of Mr. and Mrs. Ted Dageforde has been staying with her grandparents, Mr. and Mrs. Herman Dageforde.

Another dance was held in the Westcott school last Friday evening with Mr. and Mrs. C. Eckstrand, Mr. Bill Tohms, Mr. Cliff Murphy and Mr. Norman Tuggle supplying the music.

Mr. Wilbert Berscht, who is employed by Commonwealth Oils Ltd., spent the weekend in the vicinity renewing acquaintances.

Mr. and Mrs. Linden Jacobsen visited on Sunday at Sundre with Mr. and Mrs. John Jacobsen, the former's parents.

We hear that Ken Folkman really had luck while fishing on Sunday and pulled out a 7-pound pike from the Dog Pound.

THINGS WERE TOUGH IN THE OLD DAYS

Have you ever dreamed what a relief it would be to escape from today's tensions to the ancient "good old days?"

If you have, you can stop kidding yourself. The "good old days" are myth, not history. Things, and people, really only have changed on the surface in 4,000 years.

The authority of this is Samuel Noah Cramer, a University of Pennsylvania professor whose specialty is studying the ancients, especially the Assyrians.

Cramer has just finished translating documents inscribed 1,700 years before the birth of Christ. Modern idiom apart, the documents have a surprising 20th century flavor. For example, Cramer quoted:

"You can have a Lord, you can have a King. But the man to fear is the tax collector."

As for war, the ancients knew it well, and they considered it futile, as in this piece:

"You go and carry off the enemy's land. The enemy comes and carries off your land."

The documents he translated were found by an archaeological expedition from the University earlier this year. The language used in the carvings was Sumerian, now extinct. The tablets were found in the ancient city of Nippur, near Baghdad.

The Assyrians learned early about women. They wrote:

"A restless woman in the house adds ache to pain."

The regular monthly meeting of the Mons Chapter I.O.O.F. will be held in the Lions' hall, Thursday, June 14, at 8:15 p.m.

Mr. J. A. Blore spent Saturday in Didsbury with his son, W. E. Blore, and family. He just returned from a six months visit to England.

—St. Cyrian's W.A. will hold a Strawberry Tea and sale of home cooking in the Lions' hall on Saturday, June 16, from 3 to 6 p.m.

An executive meeting of the Didsbury Constituency W. I. will be held on Saturday, June 16, at 2 p.m. at the home of Mrs. Ruth Eckel.

Ed Jans is continuing with the work on the remodelling of the interior of Didsbury's postoffice when completed the local postoffice will be modern in every way.

—There will be a dance in the Rugby Hall on Wednesday, July 4. Krebs Orchestra will furnish the music. 23-4c

Jim Kirby reported seeing a deer, with horns in the velvet, in the field just east of Crossfield on Sunday evening when returning from Calgary.

Bob Stevens returned Saturday from Redoxon, Sask., and reports roads in Eastern Alberta in almost impassable condition in places. The seeding in Saskatchewan is practically completed, crop conditions are very favorable, and ducks are to be seen everywhere on the numerous sloughs in the eastern province.

Children's Day was observed in the Evangelical church Sunday evening. A picket fence in front of the platform, interwined with flowers as a background, made a pretty frame for the children as they rendered an appropriate program of songs, exercises and recitations. A generous offering was taken for missions.

There was a social gathering in the Evangelical church Thursday evening, June 7, when the ladies aid held its annual mother and daughter meeting. This was a bit unusual for there were "mystery mothers" and "mystery daughters" and after corresponding for some time those participating had the pleasure of finding out for sure who the daughters were, and they their fathers. The fathers came along too, and all enjoyed a program and a bountiful lunch which the mothers planned and the daughters served.

Bob Dick and Ifor Roberts took Brynly Roberts to Eckville on Sunday where he has accepted a position with Jenkins' Groceteria.

Mrs. Turner, Matron of the local hospital, accompanied her parents, Mr. and Mrs. Harvey, to Edmonton last week where Mr. Harvey was installed as Worthy Grand Patron of the Grand Chapter Order of the Eastern Star, for Alberta.

Mr. and Mrs. Sid Wright, Mr. and Mrs. Jim Wright and family, and Mr. and Mrs. Ed Berscht visited friends at Sundre on Sunday afternoon.

Mr. and Mrs. Bill Ranton have taken up residence in the second storey of the Banta residence.

Miss Edith Garner returned Sunday after visiting in Edmonton for a few days, and she attended the wedding of her brother, Don, in Leduc on Saturday.

Mr. and Mrs. E. Miller of the Sundre district visited with the family of their daughter, Mrs. E. Wiggins, on Monday.

The mumps seem to be going the rounds again, and some of the adults have been quite ill with them. Mr. and Mrs. Len Berscht have both been confined to their home this past week with the contagious disease.

Mr. and Mrs. Frank Kaufman left last week on a motor trip to the Pacific Coast.

Wilbert Berscht of Edmonton visited his parents, Mr. and Mrs. Ed Berscht, on Sunday.

Mr. and Mrs. Riley Moon and Harold Morrison of Nanton visited their parents and relatives in Didsbury and Elkton on Monday and Tuesday.

CANADIAN FARMERS FOR ROYAL HIGHLAND SHOW

Young farmers' teams from Ontario and Kentucky will be among the contestants for the "Scottsman Trophy" at this year's Royal Highland Show at Aberdeen this month. The trophy, which was first offered for competition last year when it was won by Scotland, is for the new international beef stock judging contest between teams of young farmers. Teams from England, Scotland, Wales, Eire, North Ireland and the Isle of Man are also entered.
